## MESSAGE FROM THE PRESIDENT

At a Special General Meeting held June 15<sup>th</sup>, 2010 the PTU approved a motion, with 88% majority, to ratify the terms of a tentative Provincial Agreement on sectorial issues. I expect a province-wide ratification announcement for our cartel (QPAT-FSE) in the next few weeks. We are sending out to the schools a document with the pertinent points of the agreement.

Please check with your Union Delegate. You may also view this document on the PTU website in the DOWNLOADS section:

[www.pearsonteachersunion.com](http://www.pearsonteachersunion.com).

Beginning in September, further communications will be sent to you regarding any further negotiations on the non-sectorial (salary, pension etc.) issues and what, if any, actions may be taken.

Keep in mind that following the conclusion of the Provincial Agreement, we will begin consultations with you on a negotiated Local Agreement that must follow.

For those of you who are retiring, "end of tension, start of pension" - enjoy, you earned it.

For those returning, recharge the batteries and we'll see you in September.!

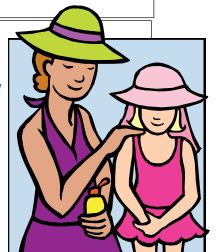

*- John Donnelly*
