

Youth Sector Staffing Report

Delegates' Assembly of March 2019

The official staffing timeline is up under the Human Resource tab, I am also including a timeline with important dates for teachers for April and May.

March 30th - last day to request a voluntary transfer in the first round. There will be a second round in May and I suggest that you also do the second round.

Enrollment comparison as of March 2019

If we compare enrollment from March 2018 to March 2019 total numbers are up by 228. Numbers are up in elementary for every region and for secondary are up for regions 1 and 2 and slightly down for region 3. If we compare total numbers from September 2018, they are down by 116, but this is always the case, numbers increase in September. Some students have not yet returned their registration form, mostly in secondary.

Post to post

We had the post to post meeting on March 21 at 4:30 at the PTU office. Hopefully there will be a few matches. Some matches happen after the meeting, if you know of teachers who are looking for an exchange, they can let me know as sometimes I know of teachers who are looking for a transfer.

Parental Rights Workshop

April 9 at 4:30 at PTU office

PTU with the help of QPAT will be holding a parental rights workshop on April 9 at 4:30. This workshop is for future parents, new parents and parents who want a refresher of their rights.

If a teacher is interested, please ask them to call or email me so I can add their name to the list.
