

**Council of Commissioners Report**  
**Meeting of August 26, 2019**

**Bill 21 and Changes in Governance**

The Council reiterated their opposition to the new law. However, the Council will not be taking any further positions. The Council will defer to the Director-General and the senior administration in this matter. The Council also spoke about upcoming changes to school board governance, which are expected to be tabled in the National Assembly sometime in the fall.

**Director of Student Services**

The new Director of Student Services is Stephanie Stever. She replaces Dr. Cindy Finn, who was named Director-General in June.

**Transfers to CSMB**

The sale of the old Allion building (no longer in use) to the *Commission scolaire Marguerite-Bourgeoys* (CSMB) was again refused by the MEES. The transfer of the Riverdale building was made official over the summer. Leases for SACC and CFER will need to be renewed on an annual basis.
