

Continuing Education Report – November 2019

Adult Education Hours per Credit

According to the Basic Adult General Education Regulation, Adult education centres shall offer 25 hours of instructional services for each credit in a program of studies, unless fewer hours are required to achieve the compulsory objectives and cover the compulsory content of the program.

PTU highly encourages teachers to discuss this issue at their staff council. It is at that venue that teachers share their professional opinion on the matter and need to convey their needs and concerns to administration.
