

Continuing Education Report
January 2021

New E1s in Adult Education

There are four new regular posts in adult education for the 2020-2021 year. The LBPSB now has 42 adult education regular positions. Please note that this is a mathematical calculation (in the provincial agreement) that takes into account recurring contracts for the past 3 years. The number of regular posts may increase or decrease yearly. Teachers may be excessed or non-reengaged if the needs are not there.

Vocational Training Workloads

PTU has not received a copy of their teachers' complete workloads for the year. Due to the pandemic, delays have occurred.

Letters of Engagements

Letters of Engagement are revised when a status change to the position occurs or an increase/decrease in hours modify a contract. New regular positions have been granted in both adult education and the vocational training sector, so revised letters should be emailed by the school board to those affected.

Curfew

Letters from the employer have been issued to teachers and students requiring one to be exempt to the 8 p.m. curfew.

2021-2022 Staffing Timeline

The 2021-2022 Continuing Education Staffing Timeline has been updated and posted on SSO. It can be found under Human Resources → Staffing → Teachers Adult Ed Voc Ed → Continuing Ed Staffing Timeline. Please note that the Youth Staffing Timeline is not yet available...it will contain some relevant dates for the Continuing Education Sector (as noted on the ContEd Staffing Timeline).

New Teachers Workshop

CPIC is working on offering two workshops for New Teachers this year. Details to come!
